

# He Done Her Wrong – a tale of sex & passion

*Do you believe in revenge or justice?*

She shot him dead! This was the beginning of one of the most sensational murder trials in San Francisco history that had its start in Virginia City, Nevada.

A well to do gentleman (married) met Laura Fair, an attractive twice-divorced, twice widowed boardinghouse owner and dangled a potential marriage proposal to her.

This fascinating and adulterous affair ended when she discovered he was not about to divorce the wife he had and she set out to deliver her own justice.

Kim Harris delivers a memorable Chautauqua performance as Laura. You won't want to miss it!
